

The York Society of Engineers

Visit to Plowman Brothers

Thursday 22nd August 2024 at 6.15pm

The next visit will be to Plowman Brothers, Sutton on the Forest, York on Thursday 22nd August starting at 6.15pm.

Plowman Brothers provide engineering solutions to many industries, particularly the agricultural sector in the UK and overseas. Their capabilities vary from 3D printing and small bespoke fabrication through to large-scale industrial contracts.

This will be a very informative visit given Plowman Brothers' long-standing history of serving the local and national agricultural engineering industry since 1929!

Profiling and machining

Fabrication – Tensile Fabric

Bespoke metal fabrication

3D Printing

(photos/images and descriptions used with kind permission of Plowman Brothers)

The visit will include a tour of their works and facilities and will be followed by a meal at the Highwayman in Sheriff Hutton.
